SUMMARY

Software Engineer with over two years of experience in front-end development, software engineering, and agile methodologies. Skilled in: React, JavaScript/TypeScript, and other web technologies. Proven track record of delivering highly optimized, performant, and user-friendly products to production at both an enterprise level; as well as smaller-scale personal projects.

TECHNICAL SKILLS

I am a proficient web developer with over 2 years of experience in front-end and back-end development using various technologies and tools. Some of my technical skills include:

Front-End: TypeScript, React, Svelte, Next.js, CSS and preprocessors, MUI, Bootstrap, TailwindCSS

Back-End: Node.js, Express.js, AWS, Firebase, RESTful API Development

Testing & Deployment: Jest, Enzyme, React Testing Library, Mock Service Worker, SuperTest, Jenkins, Heroku

Developer Tools: Shell Scripting, Git, npm, GitHub, Jira, Webpack, Babel, Grunt, Handlebars, Lerna, Agile Methodology, Test Driven Development

EXPERIENCE

Software Engineer II | Best Buy | Remote | February 2023 - Present

- Worked on mobile activation webpages for BestBuy.com using React, JavaScript/TypeScript, and other web technologies.
- Communicated with phone carriers to implement their mandated changes and ensure smooth integration.
- Led feature development projects using agile methodology, and collaborated with a team of 20+ developers.

Software Engineer I | Best Buy | Remote | November 2021 - February 2023

- Contributed to the development and maintenance of the e-commerce website and mobile app.
- Acquired shell scripting, Svelte, and C++ skills to expand my skill set and enhance my performance.
- Implemented bug fixes and code reviews to ensure quality and security standards.
- Received positive feedback from colleagues and managers for delivering excellent solutions.

Associate Software Engineer | Best Buy | Remote | February 2021 - November 2021

ACHIEVEMENTS

Hackathon | 1st Place | 2023 | Best Collaborative Tool

Developed a user-friendly tool facilitating communication between new employees/interns and volunteer mentors from various teams, enabling them to connect and seek guidance in specific skill areas such as Programming Languages, UX Design, System Design, and more.

Engineering Cup 4.0 | 2nd Place | 2023

Achieved second place in Best Buy's annual Engineering Cup, a high-pressure competition challenging participants to solve randomly assigned LeetCode algorithmic problems within a one-hour timeframe.

INVOLVEMENT

Instructor | Geek Squad Academy | July 2022 - Present

- Taught online safety practices to over 100 children (ages 10-18) through interactive lectures and activities.
- Covered topics such as privacy, password complexity, digital footprints, and cyber threats.
- Demonstrated communication, leadership, and teaching skills.

Mentor | BestPrep | February 2021 - Present

- Guided multiple high school seniors in preparing for life after graduation through weekly virtual sessions.
- Answered questions and provided advice on career planning, college applications, financial literacy, and personal development.
- Showed empathy, patience, and mentoring skills.

EDUCATION

BS, Information Technology, Artificial Intelligence | Strayer University | Minor in Cybersecurity | Expected Graduation March 2025

Certification in Audio Engineering, Studio Track | Collin College | 3.8 | Frisco, TX | 2018
